

Geography

Instructions

- You have 40 minutes.
- Answer all questions.
- This paper is marked out of 25.

Section A: Structured Questions (15 marks)

1. Study the Ordnance Survey map of Cheltenham. With the help of a *fully labelled sketch map* of the whole area covered by the map extract, comment on the following key features:

- a) The shape and layout of Cheltenham.
- b) The impact of relief on the pattern of settlement and communications. **[6 marks]**

2. With reference to the map extract:

- a) Suggest why grid square 9025 would be a good location for a new out-of-town shopping centre. **[4 marks]**
- b) In what ways might you expect the map extract to change over the next 20 years. **[5 marks]**

Section B: Extended Writing (10 marks)

Choose **one** of the following titles and write an extended piece in response to it:

1. Examine how and why governments try to manage population growth **or** migration.
2. Examine the impact of globalisation on MEDCs.
3. Examine how and why a coastal, river **or** glacial environment you have studied is managed.
4. Examine how governments in LEDCs are trying to tackle problems that exist in urban areas.

LEDCs = *Less Economically Developed Countries.*

MEDCs = *More Economically Developed Countries.*
