

## MATHS PAPER 9

|     | <b>ANSWER SHEET</b> |     | <b>MATHS PAPER 8</b> |
|-----|---------------------|-----|----------------------|
| 1.  | 4256                | 16. | 19                   |
| 2.  | 98                  | 17. | 1/8                  |
| 3.  | 99                  | 18. | 27                   |
| 4.  | 18492               | 19. | 14                   |
| 5.  | 5733                | 20. | 66                   |
| 6.  | 25.3                | 21. | £73.20               |
| 7.  | 19                  | 22. | 1.44km               |
| 8.  | 27.16               | 23. | 12                   |
| 9.  | 1.6                 | 24. | 245 kilograms        |
| 10. | 26.556              | 25. | 1680                 |
| 11. | 36                  | 26. | 448                  |
| 12. | 40                  | 27. | 351                  |
| 13. | 28                  | 28. | 31 degrees           |
| 14. | 8                   | 29. | £14.12               |
| 15. | 69                  | 30. | 588                  |

## MATHS PAPER 10

|     | <b>ANSWER SHEET</b> |     | <b>MATHS PAPER 8</b> |
|-----|---------------------|-----|----------------------|
| 1.  | 5226                | 16. | 27                   |
| 2.  | 3276                | 17. | 11                   |
| 3.  | 108                 | 18. | 1/17                 |
| 4.  | 2088                | 19. | 29                   |
| 5.  | 270                 | 20. | 60                   |
| 6.  | 44.43               | 21. | 3.36 kilometres      |
| 7.  | 576                 | 22. | 12.6 kilometres      |
| 8.  | 24.265              | 23. | £215.60              |
| 9.  | 4.27                | 24. | 20 miles per hour    |
| 10. | 3.4                 | 25. | 45 miles             |
| 11. | 72                  | 26. | 04.46                |
| 12. | 82                  | 27. | 144                  |
| 13. | 456                 | 28. | 12.1 degrees         |
| 14. | 37                  | 29. | 22.5 degrees         |
| 15. | 0                   | 30. | 4032                 |

## MATHS PAPER 11

|     | <b>ANSWER SHEET</b> |     | <b>MATHS PAPER 8</b> |
|-----|---------------------|-----|----------------------|
| 1.  | 144                 | 16. | 18                   |
| 2.  | 549                 | 17. | 24                   |
| 3.  | 4557                | 18. | 15                   |
| 4.  | 861                 | 19. | 1/3                  |
| 5.  | 752                 | 20. | 37                   |
| 6.  | 1640                | 21. | £576                 |
| 7.  | 2.38                | 22. | 567 miles            |
| 8.  | 68.8                | 23. | 21                   |
| 9.  | 6.6333              | 24. | 5.4 kilometres       |
| 10. | 6.822               | 25. | 4350                 |
| 11. | 36                  | 26. | 20.58                |
| 12. | 186                 | 27. | 1008                 |
| 13. | 81                  | 28. | 21 degrees           |
| 14. | 79                  | 29. | 6.46am               |
| 15. | 16                  | 30. | 2016                 |

## MATHS PAPER 12

|     | <b>ANSWER SHEET</b> |     |             |
|-----|---------------------|-----|-------------|
| 1.  | 10350               | 16. | 27          |
| 2.  | 2592                | 17. | 80          |
| 3.  | 4221                | 18. | 96          |
| 4.  | 284                 | 19. | 1944 metres |
| 5.  | 2516                | 20. | 90          |
| 6.  | 18                  | 21. | 155         |
| 7.  | 46.083              | 22. | £84         |
| 8.  | 80                  | 23. | 3.3         |
| 9.  | 26.01               | 24. | £97.50      |
| 10. | 0.89                | 25. | 1166        |
| 11. | 50                  | 26. | 1008        |
| 12. | 1572                | 27. | 68          |
| 13. | 206                 | 28. | 2688        |
| 14. | 31                  | 29. | 08.03am     |
| 15. | 116                 | 30. | 19 degrees  |
