SIXTH FORM ENTRANCE EXAMINATION 2021

GEOGRAPHY (Time: 1 Hour)

Instructions to candidates:

- Choose any **TWO** questions. Diagrams, accurate geographical terminology, and place-specific examples will be rewarded.
- Answer on lined paper.

Choose any **TWO** questions. Diagrams, accurate geographical terminology, and place-specific examples will be rewarded.

1. "International agreements are unlikely to solve climate change." Suggest reasons for and against this statement. [15]
2. "Physical Geography is less contemporary than Human Geography." Assess why you think this statement is **either** true **or** false. [15]
3. For a hazard you have studied, discuss the extent to which the management of the hazard was a success. [15]
4. To what extent is temperature the most important factor in shaping landscapes? [15]
5. Discuss the challenges and opportunities of population growth. [15]
6. Examine which are more costly to humans: tropical storm, volcanoes, or floods. [15]
7. Examine the positive impacts of river flooding. Refer to specific examples in your answer. [15]
8. To what extent do we still need paper maps in a world of digital (online) maps? [15]
9. To what extent are urban environments more sustainable than rural ones? [15]
10. For either Brexit **or** Covid-19, examine the possible Geographical implications for the near future [15].

Total = 30 marks
